

Up In Flames

Lawson

Let the sun fade away
Because tonight we're gonna keep the world awake
Light it up, do or die
Feel the love and come alive

Let's go up in flames
Up in light
Shout it out
Burning bright
Take this rush
Take this fire
We won't be the dying embers
Let's go up in flames

No regrets, no disguise
Where we're going we don't need no compromise
On the edge, on the wire
Flying into overdrive

Let's go up in flames
Up in light
Shout it out
Burning bright
Take this rush
Take this fire
We won't be the dying embers
Let's go up in flames

This night will burn forever
Our time is now or never
Don't say we're giving up
We won't be the dying embers

Let's go up in flames
Up in light
Shout it out
Burning bright
Take this rush
Take this fire
We won't be the dying embers
Let's go up in flames

Come on and take this rush
We won't be the dying embers
Let's go up in flames
