

We Are the Fire

Lawson

Paint on the walls, love on the streets
Scotch on the rocks, dance to the beat
Sing oh-oh-oh-oh
Oh-oh-oh-oh

Stars in your eyes, bonfire heat
Sparks in the sky, world at our feet
Sing oh-oh-oh-oh
Oh-oh-oh-oh

We are the fire
We are the fire
We are the fire
We are the fire

We don't need to live in castles
We don't need to rule the world
What we got is so much better
'Cause you got me
And I got you
I got you
I got you
I got you

Hold up our hearts singing a song
Flying the flag banging the drum
Sing oh-oh-oh-oh
Oh-oh-oh-oh

Careful mistakes we ever made
'Cause we'll never run whose not afraid
Sing oh-oh-oh-oh
Oh-oh-oh-oh

We are the fire
We are the fire
We are the fire
We are the fire

We don't need to live in castles
We don't need to rule the world
What we got is so much better
'Cause you got me and I got you
I got you
I got you
I got you

Hold up our hearts singing a song
Flying the flag banging the drum
Oh-oh-oh-oh
Oh-oh-oh-oh

We are the fire
We are the fire

We don't need to live in castles
We don't need to rule the world

What we got is so much better
'Cause you got me and I got you
I got you
I got you
I got you
