

When I'm Old

Lawson

You are my heaven, my twenty four seven
You make me who I am
We built all our bridges, our love is our riches
My life is in your hands

We'll win all the battles, we'll hide in the shadows
Your words are all I breathe
We'll make our own endings, there's no more pretending
Just say you'll never leave

In your arms I found my home, we will walk through the unknown
Swear you'll never let me go, say you'll love me when I'm old
Say you'll love me when I'm old

Through every adventure, we'll live them together
And build our memories
We'll run like the river, and love till forever
Just say you'll never leave

Say you wanna come with me
Say you wanna run with me now
Say you wanna go with me by my side
Say you wanna come with me
Say you wanna run with me now
Say you wanna come home with me tonight

In your arms I found my home, we will walk through the unknown
Swear you'll never let me go, say you'll love me when I'm old

When I'm old, when I'm old
Say you'll love me when I'm old
When I'm old, when I'm old
Say you'll love me when I'm old
In the dark, in the cold
Say you'll love me when I'm old
When I'm old, when I'm old
Say you'll love me when I'm old

In your arms I found my home, we will walk through the unknown
Swear you'll never let me go, say you'll love me when I'm old

In your arms I found my home, we will walk through the unknown
Swear you'll never let me go, say you'll love me when I'm old

Say you love me
Say you love me
Swear you'll never let me go, say you'll love me when I'm old
Say you'll love me when I'm old
