

Live

Lawsy

I pop a perc, and I feel alive
I shot that boy twice, don't think he alive
I ran up on him, took his shit on live
This bitch wanna fuck, I told her to slide
He sayin he bout it, huh alright
We came in with drakes, we came in with nines
Glock 19 shot him in his eye
Glock 19 send him to the sky

And he want the smoke, that's the end of it
Fuck with these hoes, only for the benefit
Been at yo block, bitch we finna spin in it
Point blank period bitch that's the end of it
And I'm getting racks bitch, who rich as this?
I fuck yo lil hoe bitch, whos bitch is this?
And I'm going up hoe [?]
Inna hellcat, pussy I'm whippin it
Sold him some percs, now he a fiend
Call up [?] he just scored for the lean
I got me a Glock, that bitch gotta beam
I'm smoking on gas, my gasoline
And she wanna fuck, fuck witta goat
That lil drako get to wipin his nose
We cleaned up the scene, boy nobody know
We upgraded the whip, cause it was too slow
I got percs, I got xans
And we just shot yo mans
The bullets make em dance
Going up boy, that's the plan
(Going up boy that's the plan)

I pop a perc, and I feel alive
I shot that boy twice, don't think he alive
I ran up on him, took his shit on live
This bitch wanna fuck, I told her to slide
He sayin he bout it, huh alright
