Lawsy

(Dylvinci got the code)
(Uh, Lawsy, pick up)

You blowing my line wherever I go
I break her spine, got her hitting them notes
I'm high, get high with me hoe
If I'm wasting yo time, you could let me go
You blowing my line wherever I go
I break her spine, got her hitting them notes
I'm high, get high with me hoe
If I'm wasting yo time, you could let me go

You could let me go, if you want to
You my top 2 and you not 2
I need someone that I could talk to
And maybe a little bit of top too
I got hella hoes but they not you
She got hella hoes, she a thot too
If I get a watch, you get a watch too
I'm hoping you know that I want you

You blowing my line wherever I go
I break her spine, got her hitting them notes
I'm high, get high with me hoe
If I'm wasting yo time you could let me go
You blowing my line wherever I go
I break her spine, got her hitting them notes
I'm high, get high with me hoe
If I'm wasting yo time, you could let me go, go
If I'm wasting yo time, you could let me go, go

I got this bitch crying 'cause I went ghost
Bitch, I start flying when I hit the road
Can't open my eyelids, I just hit the bowl
I got you in love, I already know
She finna fall asleep and then I'm gone, gone

Gone, gone
Gone, gone
Gone, gone, gone

Aye, I told you I'm busy, baby
You wanna rock with me, baby?
Would you by my sweet lady?
She want me in her OnlyFans, bitch, pay me
Them hundreds really make her dance, go crazy
I been getting to these bands, I'm not lazy
She walked in without her pants, she's wasted

You blowing my line wherever I go
I break her spine got her hitting them notes
I'm high, get high with me hoe
If I'm wasting yo time, you could let me go
You blowing my line wherever I go
I break her spine, got her hitting them notes
I'm high, get high with me hoe
If I'm wasting yo time, you could let me go, go

If I'm wasting yo time, you could let me go, go

I got this bitch crying 'cause I went ghost
Bitch, I start flying when I hit the road
Can't open my eyelids, I just hit the bowl
I got you in love, I already know
She finna fall asleep and then I'm gone, gone

Gone, gone

Gone, gone

Gone, gone, gone
