

Easy On Me

L.A.X

I free my mind when I smoke o (o)
I pray to God I am on my knees
The girl I want she don't know (Yh)
I no go speak until she speak
She get to many guys
So she no Dey find me
And she get my number but she no Dey call me
The energy and your vibe is different
That's why I no go mind to take this distance
I no Dey look any girl for instance
So when them talk, I don't care
I won't listen

Easy on me baby, girl you are for me
Easy on me baby, girl you are for me

Baby why you difficult
Don't you think I'm wonderful
So many girls no one like you
Leave them all for you
I give my money I give my time
I don sacrifice on my life
I buy you Daimond's
I give you ice
Ah ahn Ahn

Easy on me baby, girl you are for me
Easy on me baby, girl you are for me
