

Light it up like it's fire, yeah
Reeled up on me like a Rizla, yeah
Anything you do, you better do it twice, yeah
This is new to me, you know that
I'll be giving you what you want, yeah
But if you rewind and if you put it on
Then I'ma decide and I'ma put it in you

So we can make love
So ride me like a bicycle, ride me like a bicycle, oh
So me fit read you like an article, read you like an article, m

So ride me like a bicycle, ride me like a bicycle, oh
So me fit read you like an article, read you like an article, o

Sade, Sade, you make me want to lose my mind
Sade, Sade, you make me want to lose my mind
Sade, Sade, you make me want to lose my mind
Sade, Sade, you make me want to lose my mind

'Cause everything that you do I finna like it
And if you give me that cake, I'll bet I'll bite it
Your body sweet to me I make I lick it
And you go follow my lead I no go lose you
Shey you dey see, shey you believe, hmm
Louis Vuitton for your body, hmm
I want to touch, I want to kiss, hmm
I want to love, I want to see

So we can make love
So ride me like a bicycle, ride me like a bicycle, oh
So me fit read you like an article, read you like an article, m

So ride me like a bicycle, ride me like a bicycle, oh
So me fit read you like an article, read you like an article, o
