L.A.X

I know say you shy
What's on your mind
She don't realise it
She is always fighting vices
I know say you shy
You don't know who you are
You no fit deny it
You be work of art

Roll up the music
Turn up the place
When you come dey come my way
Lips wey sweet like wine
Baby please don't be shy

Roll up the music
Turn up the bass
I feel the groove
And I feel the wave
Lips wey sweet like wine
Baby why you dey shy hi hi

You come dey shy

You come dey shy
You come dey shy

And you dey do me like a paradise
And if I sing make you harmonize
