

WOULD YOU? - All I Had

Lay Bankz

If I gave it all I had
If we didn't stand a chance
If I end up down bad
Could you hold me up instead?
Would you love me?
Would you love me?
Would you love me?
Would you love me?
If the ballin' ain't my put
But I still put in the work
If somehow I come in last
Would you still put me in first?
Would you love me?
Would you love me?
Would you love me?
Would you love me?

I ain't on take-backs, I be on get-back
I be on tit-tat, what if I did that?
I play hard, I gotta admit that
And I might talk back, I do not sit back
Do what I want, no, I do not ask
Why would I stop when I'm going so fast?
I might surprise you if you check the dash
It's high off the score everytime I get back
You do what you want when you got your own bag
I know it's a lot, is you up for the task?
If we are a team, you gotta give me pass
I'm goin' up fast, do you want me to crash?
'Cause I am the one, I might come in two
'Cause if it's 'bout me, then it's about you
We do this together, even if we lose
Why would I give up? I got somethin' to prove

If I gave it all I had
If we didn't stand a chance
If I end up down bad
Could you hold me up instead?
Would you love me?
Would you love me?
Would you love me?
Would you love me?
If the ballin' ain't my put
But I still put in the work
If somehow I come in last
Would you still put me in first?
Would you love me?
Would you love me?
Would you love me?
Would you love me?
