

Death-Chain

Lay Down Rotten

The absence of light
Glorification and perfection
Man made plague-human kindness
Revolution in genetics
Technical warfare-feed the flame
Sick and useless-the old must be overcome

Death-chain-no god
Death-chain-no life
Death-chain-all hall the machine
Death-chain-the genetic holocaust

The presence of night
Resurrection and domination
Despise the natural-design your fete
Save the species by duplication
Nuclear weapons-stand the test of time

Death-chain-no god
Death-chain-no life
Death-chain-all hall the machine
Death-chain-the genetic holocaust

Whisper the code of salvation
The big machine has chosen endless numbers

We are perfection-we are the end
We are perfection-we are the end

Death-chain-no god
Death-chain-no life
Death-chain-all hall the machine
Death-chain-the genetic holocaust

Whisper the code of salvation
The big machine has chosen endless numbers
Man is god-god is man
