Spin Again

Layton Greene

Get a rush when you touch me
It's a shame how you fuck me
But every time on you, I can depend
Touch my soul when you go deep
Driving me OC
He gone spin the block and spin again

I'm dickmatized and I can't even say I'm mad
It's raining while you pull my hair I throw it back
That's that water yea
You got that shit that I need
Lick it like you rolling weed
Addicted you made me a fein

So I always need it one more time
And again
Show out I'm your number 1 fan
I always need it one more time
Now and then
Don't want it to never end

Boy spin the block and
Spin again spin again spin again
Spin the block and
Spin again spin again spin again
Spin the block and spin again
Don't want this to ever end
Show out I'm your number 1 fan
Spin the block and spin again
