LAZER DIM 700

(Y'all wanna get shot at?)

Fuck, fuck

Might just wig out on these drugs
We be on fuck shit
Lil' gang want headshots only
You better duck, bitch
Might just walk down take a nigga shit
He got ice on wrists
Gang got Steph Curry aim
That mean we never miss
Lil' boy got stepped on 'bout S5
For tryna make a diss
Bitch, I'm on that wocky bad
I got yellow piss
Lil' gang might walk down take my kill
If I spin and miss
We want the nigga that call the plays
We might just send a blitz
Promise I might run down in all black
He won't even fuckin' notice

Bitch, we got atm racks
Havin' fuckin' pape
His twins ain't know who the fuck he was
This shit here switch ya' face
I might serve a play some shake
Steady catchin' plays
You can't run down wit' no blick
Pussy spray some mace
I know that lil' boy a bitch
He ain't even ready to blaze
I brought the flame wit' me, no lack
We in the whip wit' strap
I'm backseat, I ride in the back
S5 won't even lack

(Y'all wanna get shot at?)
Walk down blicky do him bad
I got sticky hands
When I see guns, I'm ready to grab
We got drugs inside this bitch
Got zaza in the lab
We might pop out late
We might pop out dark
Draw down on me get splat
Draw down on me get whacked
