

700

Tried to tap in wit' 7000

They got trips for days

4000 they catch you lackin'

They gon' eat yo' face

I just woke up from a lean coma yesterday

Tried to get my auntie a lil' drum for her lil' 38

Maxed out in Russian, you know I'm slime

You know I don't fuckin' play

They just ran into lil' Lazer

Got my iron, I got my heat today

Bih tryna take pictures wit' my trips, I ain't goin'

Shit, 7000 we push up makin' chaos, makin' noise

Nigga cap like they was out there wit' lil' Lazer pullin' cards

Shit, 4000 they trippin'

They be ready to get them boys

Tried to tell lil' June chill

He treat trips just like toys
