Fuck, fuck, fuck
Ayy, watch out, ayy, watch out, ayy, watch out
Smoke, then, smoke, then OD
Two bands, man, ayy, watch out, for real, pstch, frr, frr, frr

The whip get flat if it come down the wrong road
Punch on his head, he think he be throwed
He ain't catch the kill, that shit left him sick
Enter yo' clip, I got two clips with a stick
Throw back that pill and that drink, that's a remix
I be too dripped, I'll leave yo' ho seasick
[?], I made back what I paid
He think he a archer, he think he got aim
Better know what you doin' drivin' on that gang
I'm in the trench, I can't show no pain
You could check the trunk, right now I be flooded
Go to yo' spot and we leave this shit dusty
Run out that house with them pills, I'm gon' flush it
Knew that shit was sweet, knew it gon' be easy
Need me some gloves with a splat, it get heated
Told as fuck and they got za', we gon' need it
Chop it up, you the only one wanna chop it up
Come on that road when nobody play Hopscotch
Smoke with the gang, it be easy to drop that
Pushin' one deep, ain't nobody 'bout my side
Think you psyched out, you better not approach
Three different drops, which one I'ma score?
Bitch, I'm on za', this ain't no new pole
Come through this bitch with yo' gutter, they take some'
Red tips, I put on my clip, I'm tryna break some'
Nigga was just right in yo' face, you ain't take it
Better watch yo' back in my hood, just [?] me his nation
Think he gon' run on the spot, is you crazy?
The bands put up, where you gon' go?
If I was a [?], I'd flood the whole city
Spend racks on my drip, my drip ain't thrifty
I'll catch the whip when the whip start driftin'
I can't put that, man, you [?] when I'm shiftin'
Nigga can't have a pay, he lack, where his re-up?
Fifty people run outside with a ski on
Talk in my hood, they be like, "What you be on?"

Ain't nobody walkin' outside, it's just me at home
