

LOVELESS

LAZER DIM 700

Why you let them stomp your heart, why they play with you?
Treat 'em the same way how they come, do what they would do
Day to day, I'm on the move
She tryna' argue, I don't got time, I just swiftly move
They better not get jumped, they gon' be in here yelling
Put these racks in my hoodie, they in my belly
You ain't no veteran, they thought you was ready
Should've think twice when I think about bringing you
'Fore I push up, I examine that link-up
Park down the road, I sit for a minute
I went MIA, I know it been a minute
Three different states, three different cities
I know they gon' hate, they think that we winning
She know what I'ma say, she finish the sentence
Come around this way, your whip get dented
I wasn't in school, I was always suspended
What's the vibe? This a vibe check
Everybody want you to send they attention, I'm just tryna' chill
1
She tryna' lock in with me, I ain't even tryna' do that
Rubberband the racks, they can't fuckin' move
I be high, I'm sitting in the attic, I'm really sitting on the roof
I'm tryna' get a big house so I could get lost in it
Scared at night, you keep on the light
Don't listen to me, I don't know what's right
I need to get right, I keep missing flights
I ain't even put on no drip but they bite
Whatever in my cup, it took me to the sky
I ain't got fye but my drip got fye
I don't need you, I can walk with the fye
Better remove shoes at the yo', this my second house
Got too geeked on the za, had to put it out
You don't come outside, you look out the window
Fuck
They just stopped the music, said the party over
Ghetto ho's drunk driving, you get ran over
Nigga hear shots, nigga on timing
Box smoked out, it's a cloud in it
Now you think you got superpowers, what the fuck you smoking?
Lil' twin said the plug don't wanna' meet him
I think I got a date, we link this evening
I know he got sum' coming, he keep on cheesing
Them folks ain't got no feelings, they like, "Whatever happens"
