

Fuck, fuck, fuck, fuck, fuck

Dozed off, went to sleep off that drank
I was geeked up, I just spilled the paint
Nigga drive the boat, get this ho off drank
These niggas hoes, nigga pullin' prank
Nigga capped out, not a real stuntman
Huh, I be drivin' the whip crazy, I'm doin' a hundred and ten
I'm negotiatin' the payment, make my play, pay me
And you sit inside the trap, we forcin' you to shop
Got a thirty clip extendo sittin' inside my Glock
Nigga pull up, drop the window, let the glizzy pop
Anywhere we tear down, we get the city on lock
I done got geeked up, I done fuckin' forgot
Plenty drip on crazy, all these hoes drop
In the hood, like the woods, I ain't got no service
Nigga pull up, ask me if I'm good, nigga damn near swervedin'
And the weed turnin' black, and it used to be purple
Ask you what you got, you ain't got shit
Left the house without no racks, brought back profit
And you think we locked down, we ain't even locked in
Know I bought my favorite gun, give my top ten
I can't even put racks inside my pants, that shit shouldn't be
no problem
I'm in New York, I just spent some bands, I'm spendin' all my d
ollars
Niggas spooked to go do that theyself, these niggas quick to fo
llow
And I'm quick to up it off my hip, this bitch gon' solve my pro
blems
Sad as fuck I got locked up, 12 took my red beam
Knew that bitch was glowin', when I walked in, she had on LEDs
I don't even know why niggas posted up, these niggas don't sell
no weed
Nigga capped out like he draw down, must be in your dreams
I be geeked up high, I smoke more than fiends
I be tripped out, I don't know how my money in my jeans
If I popped out, I got more than two-five
I don't even know them, I just pull up, I just checked the vibe
And lil' twin just ran into me, left him mesmerized
You ain't got nothin' goin', your spot, you ain't got nothin' g
oin'
Lil' bitch think she fine shit, that bitch ain't foreign
Tried to tell him his ho goin', he say she ain't goin'
I know these niggas workin' the other one, I'm already knowin'
I be slidin' in my whip, I be slidin' foreign
