Tryna troll, you get turned to 'za, better sit down
Gotta have 'za, no, I can't put the 'za down
Nigga wig' out with a Drac', you get shot down
Better not freeze up, better skate with a hot nine
I'ma get away every time, I'm Albert Einstein
Nigga psyched out, geeked up, think he Frankenstein
Nigga got me fucked up, you think I ain't bringin' mine
Mini store deep now, everybody hangin' round
Slap him 'til he tremble up, put all my racks in
This the only ride to the hood, we gon' pack in
Boy, you better not park in that way, better back in
Roll up that 'za, it'll take just a second
Harsh ass blunts you be rollin', be smackin'
Fine shit on the phone with her nigga, she actin'
Fucked up my munyun, I'm 'posed to be stackin'
Think I'm lacked out, got that shit in my jacket
Everybody lookin' round, everybody tactic
Nigga gotta wait...
Nigga gotta wait, boy, I start to hit a backflip
Find me a wallet, the lil' cards, I wiped 'em
My cousin got a plug, he WhatsApp Skyped him
Fucked up my sights on the Glock, my sights bent
Fine shit don't listen to my music, she like Brent
Fine shit get drunk 'round me, she might vent
Neighbors keep interrupt the lick, it ain't lint
I just fuckin' rap, I don't know 'bout no agent
I won't fall, scraped my hand on the pavement
Keep yo' gun 'cause that ammo be savin'
I got his mind like That's So Raven
Remember back then my jacket was Old Navy
See yo' van man, I'm whackin' yo' favor
Go to the trap 'cause my package done made it
I fuck with lil' Goxan, that's exactly who made it
Fuck, fuck, fuck
