I might run down, I won't let you know it's me
Smoke wit' lil Lazer, wanna sabotage your team
Fuck with me when you want till' you think I'm green
L vape, I won't smoke nicotine
Did my shit now and I don't wanna talk it out
Push to the parking garage, we can chalk it out
This ain't my show this yo' show, you can take it
Open yo' eyes in the field, whatchu' thinkin?

Open to try new things, ima' open up
Nigga hacked Lazer on SoundCloud, bold as fuck
Shouldn't of left the za' round me, finna roll it up
Scared to rep a set, when he out he don't throw it up
Nigga dropped dot, same night ima' blow it up
Folded up za' had to cave my lil' chest in
Lil' twin droppin' shit, ain't' shit to invest in
Want me to take over yo' trap, get yo' rest in
This ain't my house so I'm sneakin' my guests in
I got my weapon, I been learned my lesson
Why you think I'm devious, why you feel like that?
I keep rappin', get a hundred mil' like that
Give me yo' merch, gotta switch my lil' drip up
Take yo' ass home hoe, you not tryna get fucked
Everybody piled in, bitch we inna' big truck
Ye' ain't put nobody on, the fuck he gettin' rich for?
Whole gang snaked out, y'all ready to switch up

Imma' count down fo' I shoot that gun around
Switch my clip up, I gave up my 100-round
I stay posted in sto' with my gun around
Go inside, don't be scared to go get yo' weed (Go!)

Switch my clothes up, I feel like I'm inna' lead
I can help you make plays, get rid of these
Fine shit makin' faces, she feelin' me
She can't fuck with my ways, but she deal with me
Steal yo' shit, told lil' twin to come steal with me
Fine shit stayin' too long, tryna live with me
I got the artillery, it gon' come to the hills with me (Go!)
