

Lonely

Lazza

Baby you can call me Mr. Lonely
Leave me alone you think is funny?
You make me down, you make me low
I miss you baby, I hope you so

Everytime I think about you
Everyday I think about you
Remember the moment we share together
Stay with me girl, we can make it better

I wait you come back right now
You so special in my heart
Walking alone without love I can go I can go

I'm so sorry, don't go anywhere
Come on girl and make history
All my had we make history

I'm so lonely I can't live without you
I can't breath without you
Cause you're my only love
Baby, I'm so lonely please don't leave me alone
I need you on my own
Cause I really really backing for your love

Backing for your love
Backing for your love

I'm down, without you make me down
Cause you gone, you leave me alone
And now I can be move on

Tak pandai berkata cinta bertahap
Karna ku Cuma bisa berharap
Dulu ku salah buat masalah
Kini ku sadar kaulah sgalanya
Akan ku kejar walau kau sudah berlari
Ujung dunia manapun kau aku cari
Buang rasa ego tuk pikir diri sendiri
Deras hantaman ku tetap berdiri
You are my life, you are my love
Now please come back yes I hope
Janji tepati bukti ku beri
Pasti berubah salah tak lagi

I'm so lonely I can't live without you
I can't breath without you
Cause you're my only love
Baby, I'm so lonely please don't leave me alone
I need you on my own
Cause I really really backing for your love

Backing for your love
Backing for your love

I'm so lonely I can't live without you
I can't breath without you

Cause you're my only love
Baby, I'm so lonely please don't leave me alone
I need you on my own
Cause I really really backing for your love

Backing for your love
Backing for your love

I'm so lonely I can't live without you
I can't breath without you
Cause you're my only love
Baby, I'm so lonely please don't leave me alone
I need you on my own
Cause I really really backing for your love
