

# Bang!

Le Butcherettes

Look at him politic wants to blow his brains out  
He's still conservative when the blood leaks out  
Chapman and Lennon on the side street talking  
Next thing you hear is a bang spreading over  
You love me, you love me and now you wanna kill me  
You love me, you love me and now you wanna kill me  
Bang, bang, bang, bang, bang, bang, bang!

George bush and McCain taking over Mexico  
Next thing you see is their army banning serenata  
Look at the school shooting, he killed over sixteen girls  
Next thing you read is bang in the newspapers

You love me, you love me and now you wanna kill me  
You love me, you love me and now you wanna kill me  
Bang, bang, bang, bang, bang, bang, bang!  
You love me, you love me and now you wanna ugh-ugh  
You love me, you love me and now you wanna one, two, three, four  
You love me, you love me and now you wanna Hu-Ha!  
You love me, you love me and now you wanna kill me!

Look at him politic wants to blow his brains out  
He's still conservative when the blood leaks out  
Chapman and Lennon on the side street talking  
Next thing you hear is bang spreading over

You love me, you love me and now you wanna kill me  
You love me, you love me and now you wanna kill me  
You love me, you love me and now you wanna kill me  
You love me, you love me and now you wanna kill me  
Bang, bang, bang, bang, bang, bang, bang!
