

My Mallely

Le Butcherettes

Your hurt is held by vicious feelings whimpering over you
Endless subjects keep us floating yet still I think of you, Mallely

You're alone yet your sweet face is glowing
You stopped waiting for other people's answers

Oh... you're beautiful

Oh... you're beautiful

Let's bury all value of sacred objects that keep us living
You prefer to follow your heart and still I think of you, Mallely

You're alone yet your sweet face is glowing
You stopped waiting for other people's answers

Oh... you're beautiful

Oh... you're beautiful

You're all alone yet free

You're heart is soft yet strong

My Mallely

My Mallely

My Mallely

My Mallely

Oh... you're beautiful

Ah... you're beautiful

You're all alone yet free

You're heart is soft yet strong

Oh... you're beautiful

Oh... you're beautiful
