

# EASY

LE SSERAFIM

Copy 'cause they mad that I still kiss me  
Shit gets hard, I'm making it look easy  
Stage is burning up heat on my body  
Pull up and I rip it up like ballet

Damn, I really make it look easy  
Yuh know that I make it look easy

Clap your hands, if you're with me  
Clap your hands to the beat now  
I keep it real, shout it out, let 'em know "I'm the real one"

When the lights are dimming down, wander in the night  
Don't know what is right, don't know 'bout my rights  
So greedy, turn my enemies to friends of me, yuh  
You call me a fallen angel, no more seraphim, yuh

Uhm, I've been tryin' so long to show you, show you, show you  
I'm the one that you need

Copy 'cause they mad that I still kiss me  
Shit gets hard, I'm making it look easy  
Stage is burning up heat on my body  
Pull up and I rip it up like ballet

Damn, I really make it look easy  
Yuh know that I make it look easy

Yah know that I make it look easy  
Zero to one hundred, keep on whippin'  
Push the pedal to the metal on the surface  
Get, set, go, come and see me, I'm the fearless

Every move I make is a living history, I do it my way  
Hero undercover, but the journey makes me heartless  
Got 'em so emotional  
The jealousy, so uncontrollable

Uhm, I've been tryin' so long to show you, show you, show you  
I'm the one that you need

Copy 'cause they mad that I still kiss me  
Shit gets hard, I'm making it look easy  
Stage is burning up heat on my body  
Pull up and I rip it up like ballet

Damn, I really make it look easy  
Yuh know that I make it look easy
