

# Raise y\_our glass

LE SSERAFIM

It's kinda shitty, isn't it?  
Not the way we pictured it  
Feels like an existential crisis  
Or am I being dramatic?  
I wish the world would shut its mouth  
Give me space to fuckin' sort it out  
Like, I'm fine, just leave me alone  
I'm great on my own

But if I'm being honest  
I'd hate to waste us on this  
But I truly hope they find their own peace of mind

I don't know what I'd be doin' without you  
You love who I am  
'Cause I don't care as long as I'm with you  
I'll reach for your hand  
In this ugly world where the color is fading  
You're beautiful in every color and shade, I  
Don't know if you drink  
But raise a glass to the past in the story of us

A little bit of complication never hurt my body, I know  
But it's different when the target is your mind  
And everybody's talking shit, no bigger hypocrite, it's fine though  
My sisters and I, we sympathize

But if I'm being honest  
Never thought that I would have this  
Back when all I needed was people who will stay

I don't know what I'd be doin' without you  
You love who I am  
'Cause I don't care as long as I'm with you  
I'll reach for your hand  
In this ugly world where the color is fading  
You're beautiful in every color and shade, I  
Don't know if you drink  
But raise a glass 'cause

It took a while to get here  
I'm fearless, but I still fear  
You'll disappear 'cause I couldn't be  
The person that you need  
I won't ever leave

I don't know what I'd be doin' without you  
You love who I am  
'Cause I don't care as long as I'm with you  
I'll reach for your hand  
In this ugly world where the color is fading  
You're beautiful in every color and shade, I, I  
In this ugly world where the color is fading  
You're beautiful in every color and shade, I  
Don't know if you drink  
But raise a glass  
To the story of us
