LE SSERAFIM

I'm a smarter baby, smarter
Smarter baby, smarter
Every move I make baby
See right through your strategy
Wanna be a winner
Wanna be a winner
Tried to put their chains on me
Like butterflies I'm breaking free

I want it all
That glitter and gold I call it "sugar"
Keep it on the low, backup plans A to Z
My sugar, sugar
Baby you can call me mean-mean-mean-mean
I don't give a shit-shit-shit-shit-shit
The beauty and the brains I got both on me
But living like a "villain" is what I need
So I just wanna be me-me-me-me
Loving what I see-see-see-see-see
LE SSERAFIM we're going straight to victory

I'm a smarter baby, smarter
Smarter baby, smarter
Every move I make baby
See right through your strategy
Wanna be a winner
Wanna be a winner
Tried to put their chains on me
Like butterflies I'm breaking free
I'm a smarter baby

Work hard in secret
Like clockwork, tap-tap I get
I planned that, don't be mad
Keep it on the low
No this time I won't be the loser, loser
Baby you can call me mean-mean-mean-mean
I don't give a shit-shit-shit-shit-shit
The beauty and the brains I got both on me
But living like a "villain" is what I need
So I just wanna be me-me-me-me
Loving what I see-see-see-see-see
LE SSERAFIM we're going straight to victory

I'm a smarter baby, smarter
Smarter baby, smarter
Every move I make baby
See right through your strategy
Wanna be a winner
Wanna be a winner
Tried to put their chains on me
Like butterflies I'm breaking free
I'm a smarter baby

Drippin' like I'm hot sauce
Shinin' like my lip gloss
Work it like a boss, cut the line, huh

Nobodies tell me, "that's all luck"
I tell 'em, "no, it's not luck"
My sweat is not lying, lying
Don't slow down, level up super-fast
Best scheme, you could never guess
Godsend, when I'm doing it best
Dinner of the winner, that is what I want to get

I'm a smarter baby, smarter
Smarter baby, smarter
Every move I make baby
See right through your strategy
Wanna be a winner
Wanna be a winner
Tried to put their chains on me
Like butterflies I'm breaking free
I'm a smarter baby
