Unforgiven I'm a villain I'm a
Unforgiven I'mma walk that road
Unforgiven I'm a villain I'm a
It'll be remembered as a new era, unforgiven

Yeah what you want?
Discomfort on my face, wanna shut me up
Warriors looking for game to hunt
In your game, I'm the problem,
Such a freak, such a headache

Let me tell you 'bout LE SSERAFIM
I hate shabby hand-me-downs more than anything
Lighting up the dark, like a rebellion
We gonna kick it break it
Rules gon' give up

Unforgiven yes I was bleeding
I was powerless, used to lose every fight
But I ride
Never asked for forgiveness or anything
Gonna target taboos, watch me now
Now now now

Unforgiven I'm a villain I'm a
Unforgiven I'mma walk that road
Unforgiven I'm a villain I'm a
It'll be remembered as a new era, unforgiven

Come to that faraway land with me, my "unforgiven girls"
Come and cross the line with me, my "unforgiven boys"
Unforgiven unforgiven unforgiven
Our names surpass all limits
Come to that faraway land with me, my "unforgiven girls"

U-unforgiven-given-given
That's my style I'm livin' livin' livin'
My way, I already got it all, or say it in Korean,
So "cheol-oeksi"
Get started let's get started
Before the future, carve out my story
If belief's a sin, I'm a villain
I'm not that cinderella type of a girl

Unforgiven yes I was bleeding
I was powerless, used to lose every fight but I ride
Never asked for forgiveness or anything
Gonna target taboos, watch me now
Now now now
