

Don't ask a question  
Don't make a sound  
Don't seek attention  
Don't let me down  
Don't ask for nothing  
Don't mention it  
Don't get your hopes up  
Don't give a shit

It's the wrong thing at the right time  
For the hell of it  
White lies with the red eyes  
So irrelevant  
Don't. Stay in control  
It's the first loves and the goodbyes and comparisons  
Last words, going unheard. They're so deafening  
Don't. Give up on hope

It's the wrong thing at the right time  
For the hell of it  
White lies with the red eyes  
So irrelevant  
Don't. Stay in control  
It's the first loves and the goodbyes and comparisons  
Last words, going unheard. They're so deafening  
Don't. Give up on hope

Don't ask a question  
Don't make a sound  
Don't seek attention  
Don't let me down  
Don't fight a feeling  
Don't fight a feeling  
Don't lend a hand  
Don't know the answers  
Don't understand

It's the wrong thing at the right time  
For the hell of it  
White lies with the red eyes  
So irrelevant  
Don't. Stay in control  
It's the first loves and the goodbyes and comparisons  
Last words, going unheard. They're so deafening  
Don't. Give up on hope

It's the wrong thing at the right time
