When The World

Lea Michele

When the world turns upside down
Nothing is for sure
All the dreams you thought were real
You can't find anymore

And then there's how the pieces fly
Most of all, the ones inside

If only, I knew
How to fix it all, I would
If only, one heart
All alone did any good

But I feel so small
What can I do, at all?
When the world has turned upside down...

When the world turns upside down
There's no way to hold tight
Just to get your feet again
It's takes a little time

I kinda' need a little grit
But I'll find my way, in just a little bit

If only, I knew
How to fix it all, I would
If only, one heart
All alone did any good

But I feel so small
What can I do, at all?
When the world has turned upside down...

Nobody knows when the world's gonna' fly
But I still gotta' give it a try

If the world turns upside down
On just a gust of wind
Guess I should get ready now
For when it comes again

What do I hold?
Where will I go?
And will I feel this, all alone?

If only, I knew
How to fix it all, I would
If only, one heart
All alone did any good

But I'm just so small
What can I do, at all?

Now that the the world has turned upside down...
Turned upside down...
