

It's Just Another New Year's Eve

Lea Salonga

Don't look so sad
It's not so bad, you know
It's just another night
That's all it is
It's not the first
It's not the worst, you know
We've come through all the rest
We'll get through this

We've made mistakes
But we've made good friends too
Remember all the nights
We spent with them
And all our plans
Who says they can't come true
Tonight's another chance
To start again

It's just another New Year's Eve
Another night like all the rest
It's just another New Year's Eve
Let's make it the best
It's just another New Year's Eve
It's just another Auld Lang Syne
But when we're through
This New Year you'll see
Will be just fine

We're not alone
We've got the world, you know
And it won't let us down
Just wait and see
And we'll grow old
But think how wise we'll grow
There's more, you know
It's only New Year's Eve

It's just another New Year's Eve
Another night like all the rest
It's just another New Year's Eve
Let's make it the best
It's just another New Year's Eve
It's just another Auld Lang Syne
But when we're through
The New Year you'll see
Will be just fine

It's just another New Year's Eve
Another night like all the rest
It's just another New Year's Eve
Let's make it the best
It's just another New Year's Eve
It's just another Auld Lang Syne
But when we're through
This New Year you'll see
Will be just fine
