

# We Win As One

Lea Salonga

We stand today opponents  
We strive to bring home pride  
And yet our power when combined  
Is a force to change the world

Our nations share a common dream  
Our roots are old and new  
Our stories joyful echoing aparts  
Forged to strong and true

Together we're a universe  
We are a future world  
Yes we compete but the greatest fear is  
When we win as one

We win as one unconquered  
We win as one  
Unbowed we share a single promised  
We win as one  
Yes we compete but the greatest fear is  
When we win  
We win  
We win as one

Together we're a universe  
We are a future world  
Yes we compete but the greatest fear is  
When we win as one

We win as one unconquered  
We win as one  
Unbowed we share a single promised  
We win as one  
Yes we compete but the greatest fear is  
When we win  
Yes when we win  
Yes when we win  
We win  
We win as one
