

Alice In Fuckboi Land

Leah Kate

I go, I go down the rabbit hole

I'm spitting out F-words out my mouth
I wanna shout "Bitch", did I say that out loud?
I'm not myself, someone send me some help
How the fuck do you spell "F-M-L"?

Crying in a nightclub
Honestly, my life sucks
Alice in Fuckboi Land tryna find love
Sleeping in the bathtub
God, I'm such a bad drunk
Watch me go down the rabbit hole, hole (I'm losing my mind)
Watch me go down the rabbit hole

Maybe you like me, maybe you don't
Everyone hates me, I'm king of the world
Switching my friends like I switch up my clothes
My BFF is a backstabbing hoe
Leave me alone, fuck, I hate being alone
Sad you don't call me, but you're blocked though
How do you spell "I'm a psycho who's super cool and fun"?

Crying in a nightclub
Honestly, my life sucks
Alice in Fuckboi Land tryna find love
Sleeping in the bathtub
God, I'm such a bad drunk
Watch me go down the rabbit hole, hole (I'm losing my mind)
Watch me go down the rabbit hole

I'm spitting out all this hate from my mouth
I wanna shout "Bitch", did I really say that out loud?
And I'm just not myself, someone send me some help
How the fuck do you spell "F-M-L, L-O-L"?
This ain't funny no more, getting ugly and bored
But I'm dying inside need to hide
I'm sick to my stomach
I'm nauseous, my vomit can save me
From me, I'm nobody, I hate me

Crying in a nightclub
Honestly, my life sucks
Alice in Fuckboi Land tryna find love
Sleeping in the bathtub
God, I'm such a bad drunk
Watch me go down the rabbit hole
Crying in a nightclub
Honestly, my life sucks
Alice in Fuckboi Land tryna find love
Sleeping in the bathtub
God, I'm such a bad drunk
Watch me go down the rabbit hole, hole (I'm losing my mind)
Watch me go down the rabbit hole, hole (I'm losing my mind)
Watch me go down the rabbit hole
