

Desperate

Leah Kate

Are you tryna torture me or just moving on
Posting pictures with that girl that I guess you want
Ooh ooh
Now I'm looking for your face in the alcohol
Starving for your taste but you never call
Ooh ooh

It's so pathetic
You don't even get it
God I'm a mess right now

I'm desperate to forget you
The desperate things that I do
Oohh get so drunk I don't remember
You and I are not together
Desperate to erase you I
'M dying just to hate you
Oohh get so high I can't remember
You and I are done forever
I'm desperate to forget I'm desperate for you

Looking for a cure I don't think they sell
While you're out with her baby in hell
Oh oh
And I'm starting to shake, the walls are closing in
Yeah I'm starting think I won't get over it

It's so pathetic
You don't even get it
God I'm a mess right now

I'm desperate to forget you
The desperate things that I do
Oohh get so drunk I don't remember
You and I are not together
Desperate to erase you
I'm dying just to hate you
Oohh get so high I can't remember
You and I are done forever
I'm desperate to forget

I'm desperate for you
I'm desperate to forget
I'm desperate to forget
I'm desperate to forget
I'm desperate to forget
I'm desperate to forget
I'm desperate to forget
I'm desperate to forget
I'm desperate to forget
I'm desperate to forget
