

# Just Because

Leah Kate

My classic American sociopathic douche  
Hes got his eye on a diamond  
But I still love you  
You brought your friends to the bar  
I think it should be illegal  
The things we say to each other  
You say my lips are evil

Can I be brutally honest right now for once in my life  
Not being with you in the city  
It just eats me alive  
I don't know what the fuck I'm doing  
Why I came here tonight  
I just miss you, alright?

I'll let you take my break my heart  
Every season  
Just for one last ride  
Cause I need it  
So I'll call you cause I miss the way that it was oh  
And I'll fall into your bed just because  
Let you save me make me cry  
For no reason  
So love starved I'm not even eating  
So I'll call you cause I miss the way that it was  
Oh  
And I'll fall into your bed Just because  
Oh

My secret obsessive might do something drastic mind  
I'm always going in circles back to the scene of the crime  
The thought of you keeps on burning There in the back of my throat  
The Fireball we were shooting you kissed me then you choked

Can I be brutally honest right now for once in my life  
It's for the better we're not talking  
'Cause I'm dying inside  
I don't know what the fuck I'm doing why I came here tonight  
I just miss you alright

I'll let you take my break my heart  
Every season  
Just for one last ride  
Cause I need it  
So I'll call you cause I miss the way that it was oh  
And I'll fall into your bed just because  
Let you save me make me cry  
For no reason  
So love starved I'm not even eating  
So I'll call you cause I miss the way that it was  
Oh  
And I'll fall into your bed Just because  
Oh

Just because  
Just because
