

Life Sux

Leah Kate

So tired of waking up
Still tired, can't keep a conversation
So wired I'm trying to stay alive
With caffeine and validation

I don't want to do this
God is fucking ruthless
Think that I might lose it
Tonight, tonight

Everyday's a mind fuck
No one's gonna save us
Guess it's true that life sucks
And then you die

So drink up, get wasted
We only got one shot, let's waste it
They'll never remember what your name is
No one gives a fuck if you're internet famous
So stay up, get tattoos
Make out with a stranger in the bathroom
It's okay to scream it if you have to
We're totally fucked
Life sucks

So text your ex, screw your health
Tell your fake friends to go to hell
They say that all's well that ends well
But we end up dead, so go fuck yourself

Everyday's a mind fuck
No one's gonna save us
Guess it's true that life sucks
And then you die

So drink up, get wasted
We only got one shot, let's waste it
They'll never remember what your name is
No one gives a fuck if you're internet famous
So stay up, get tattoos
Make out with a stranger in the bathroom
It's okay to scream it if you have to
We're totally fucked
Life sucks

Whoa, whoa, whoa
Life sucks
Whoa, whoa, whoa
Life sucks

I don't want to do this
God is fucking ruthless
Think that I might lose it
Tonight, tonight

Everyday's a mind fuck
No one's gonna save us

Guess it's true that life sucks
And then you die

So drink up, get wasted
We only got one shot, let's waste it
They'll never remember what your name is
No one gives a fuck if you're internet famous
So stay up, get tattoos
Make out with a stranger in the bathroom
It's okay to scream it if you have to
We're totally fucked
Life sucks
