

My Bed

Leah Kate

We gotta stop meeting like this
In the shadows of the night
When the high starts to hit

That black leather jacket
Got me like an addict

Your hand on my neck in the car
No you can't break my heart
If it's only in the dark

Acting like a savage
Your my favorite sabotage

You keep me coming, coming back

I just can't get you out of my bed
You're so bad but I just can't help myself
Say goodbye then I do it again
I should quit but your lips got me high as hell

Like la la la la

These sheets are calling your name
You turned me into a fiend
I need your love in my veins

It's your fault the mattress
Is holding us captive

You keep on coming coming back

I just can't get you out of my bed
You're so bad but I just can't help myself
Say goodbye then I do it again
I should quit but your lips got me high as hell

Like la la la la

I can't I can't I can't I can't I can't get you out now
Got ya got ya got ya got ya got ya taste in my mouth
I can't I can't I can't I can't I can't get you out
Don't know how to stop

I just can't get you out of my bed
You're so bad but I just can't help myself
Say goodbye then I do it again
I should quit but your lips got me high as hell
