

Twinkle Twinkle

Leah Kate

Twinkle, twinkle, little bish
Just another narcissist
Hate your guts, you make me sick
I'm so, I'm so over it

Emo boy sad song, said they're all about me
Yeah right, boohoo, how'd you get so cheesy?
You're a fake nice guy, that's the the worst kind
Find girls with nice eyes, ruin their lives

I can't believe that I, I let you come inside my room
Yeah, you broke my heart in two
And I got one more thing to say to you

Twinkle, twinkle, little bish
Just another narcissist
Hate your guts, you make me sick
I'm so, I'm so over it
Twinkle, twinkle, little bish
I wish you didn't exist
Tried to rip my life to bits
I'm so, I'm so over it

New girl, same bar, see you every weekend
Cheap tricks, B.S , get them back in your bed
Twenty six, still in your moms basement
And telling everyone you're 'bout to make it

I can't believe that I, I let you come inside my room
Yeah, you broke my heart in two
And I got one more thing to say to you

Twinkle, twinkle, little bish
Just another narcissist
Hate your guts, you make me sick
I'm so, I'm so over it
Twinkle, twinkle, little bish
I wish you didn't exist
Tried to rip my life to bits
I'm so, I'm so over it

Emo boy sad song, said they're all about me
Think you're gonna be a star, not likely
Boy, you should be crying
Baby, I'm a diamond

Twinkle, twinkle, little bish
Just another narcissist
Hate your guts, you make me sick
I'm so, I'm so over it
Twinkle, twinkle, little bish
I wish you didn't exist
Tried to rip my life to bits
I'm so, I'm so over it
