

# Heavenly

Leah McFall

I get caught up in money  
But money can never buy time  
Need time with my family, let's just  
Go away and relax for some time

I need someone to hold me  
For the nights I'm feeling lonely, lonely  
I wasn't meant to do this life alone  
And I'm thankful  
Thankful for the people around me

And I'm thankful  
Thankful to God He never left me

And His love I find is beautiful, so heavenly  
And if hell breaks loose I got everything I need  
Gotta sit at Your table, Lord You're blessing me  
Got my family all together, I've got all I need  
I've got all I need

Life is  
Sweeter than I ever hoped oh  
Love is  
Honey and it feels like home  
I don't know what, I don't know who  
I don't know where I'll be  
If I forgot, if I get running  
Without falling on my knees

You know I need someone to hold me when the  
Nights would get lonely I could  
Never have dreamed that  
Family could be so sweet  
Thankful  
Thankful to God he never leaves me

And His love I find is beautiful, so heavenly  
And if hell breaks loose I got everything I need  
Gotta sit at Your table, Lord You're blessing me  
Got my family all together, I've got all I need  
I've got all I need, oh I
