

# Para Mi

Leah Turner

Para mi  
Micheal Salgado

Soft as moonlight across my skin  
I feel your touch in the dark  
Every kiss makes me yours again  
We wind up tangled in stars

And the way that I lay in your arms  
It's like heaven knew just what I'd need  
I felt it right from the start  
Mi amor mi amor  
You were made para mi  
Mi amor mi amor  
You were made para mi

The way you move times speeding up  
My fingers trace every curve  
I feel your body heating up  
Making love more than word

And the way that I lay in your arms  
It's like heaven knew just what I'd need  
I felt it right from the start  
Mi amor mi amor  
You were made para mi  
Mi amor mi amor  
You were made para mi

Toda una vida contigo  
Es todo lo que quiero

And the way that I lay in your arms  
It's like heaven knew just what I'd need  
I felt it right from the start  
Mi amor mi amor  
You were made para mi  
Mi amor mi amor  
You were made para mi

Para mi  
Para mi  
You were made  
You were made  
Para mi
