

# Pull Me Back

Leah Turner

Feels like there's miles and miles between us in this bed  
We're lyin' back to back, a half-inch from the edge  
I feel you reach across my legs  
I wanna wake up, make up but I'm not ready yet

Even when I push you away, want you to pull me back  
When you can make it okay, I still want you to wait  
You say what you say, and I do what I do  
At the end of the day, I still love you  
Even when I push you away, pull me back  
Pull me back

We're both wide awake, pretending we're not  
Wish I could hear your voice, just not the tick of the clock  
I wanna turn the memory's dial  
So we can start it all over right now

Even when I push you away, want you to pull me back  
When you can make it okay, I still want you to wait  
You say what you say, and I do what I do  
At the end of the day, I still love you  
Even when I push you away, pull me back  
Pull me back

You make me so damn mad  
And then you make me laugh  
And baby just like that

Even when I push you away  
And you can make it okay

Even when I push you away, want you to pull me back  
When you can make it okay, I still want you to wait  
You say what you say, and I do what I do  
At the end of the day, I still love you  
Even when I push you away, pull me back  
Pull me back  
Won't you pull me back?

Feels like there's miles and miles between us in this bed
