

# This Is Mi

Leah Turner

I got this hat pulled down  
These boots on the ground  
Unbridled rebellion  
Like fire blazing through town

Fight en mi sangre  
Raising hell and not afraid  
Y cuando me dudan  
They'll just learn the hard way

Una vaquera con  
Heart full of passion  
A phoenix rising from the ashes

You'll feel me whistle through this desert like the wind  
An unbroken horse that can't be fenced in  
Tell me I can't I'll look you dead in your eyes  
Si se puede I can  
This is mi

I've had to pave my lane  
Ride through the pain  
Ni de aqui ni de allá  
But you know my name

Una vaquera con  
Heart full of passion  
A phoenix rising from the ashes

You'll feel me whistle through this desert like the wind  
An unbroken horse that can't be fenced in  
Tell me I can't I'll look you dead in your eyes  
Si se puede I can  
This is mi

Una vaquera  
Heart full of passion

I got this hat pulled down  
These boots on the ground  
Unbridled rebellion  
Like fire blazing through town

You'll feel me whistle through this desert like the wind  
An unbroken horse that can't be fenced in  
Tell me I can't I'll look you dead in your eyes  
Si se puede I can  
This is mi  
Yeah this is mi  
Yeah this is mi
