

Remember

Leah

Flashes before my eyes, seconds flying by
Impression familiar, fleeting apparition

Oh, Oh

Minutes and hours bound together, distance intensifies
Nothing in my memory, telling me how or why

Remember, Remember...

Seconds dividing, and I collide
Is it my imagination, staring into my mind

Oh, Oh

Cryptic enticement, imperceptible
A hidden recollection, thought I'd seen it all

Remember, Remember...

I need to complete this memory
I'm reaching so deep, I cannot breath

Remember...
