

# Long Live Love

LeAnn Rimes

I was tired of choking  
So I took your noose off my neck  
I got bored of lying face down  
So I wouldn't have to see you  
I got sick of crawling  
So you could be a big man  
I got tired of my balls being cut off  
'Cause you didn't have none  
You had a good run yeah didn't ya babe?  
Now it's ashes to ashes and dust to dust

So long live love  
I ain't ever given up on it  
Long live love  
Won't be long until I rise up  
Long live love  
I ain't ever given up on it  
Long live love  
Won't be long until I rise up  
And I'll rise up  
So long live love

Gonna wash your dirt off  
'Til I'm spankin' clean  
'Cause the real deal baby  
He's gonna look good on me  
I forgive myself  
For all the time I wasted on you  
If I learned anything baby I learned  
What a man ain't to do  
You had a good run yeah didn't ya babe?  
Now it's ashes to ashes and dust to dust

So long live love  
I ain't ever given up on it  
Long live love  
Won't be long until I rise up  
Long live love  
I ain't ever given up on it  
Long live love  
Won't be long until I rise up  
And I'll rise up  
So long live love
