

Treasured

LeAnn Rimes

I am loved by the one that made me
I am held by the one that made me
I am treasured by the one that made me
Yeah the one who made me loves me so

I am loved by the one that made me
I am held by the one that made me
I am treasured by the one that made me
Yeah the one who made me loves me so

I am loved by the one that made me
I am held by the one that made me
I am treasured by the one that made me
Yeah the one who made me loves me so

I am loved by the one that made me
I am held by the one that made me
I am treasured by the one that made me
Yeah the one who made me loves me so

I am loved by the one that made me
I am held by the one that made me
I am treasured by the one that made me
Yeah the one who made me loves me so

I am loved by the one that made me
I am held by the one that made me
I am treasured by the one that made me
Yeah the one who made me loves me so
Oh the one who made me loves me so
Yeah the one who made me loves me so
