

Sublime

Leatherface

He likes to walk on water and walk on pastures green
Breathe life into your dying daughter, give sight to those who've never seen
Do you believe in righteous causes?
Do you believe in Holy War?
Do you believe in Armageddon?
Do you believe in anything?
It's all sublime, it's all sublime
In this world where we live, I can do no more than this
And in this world where we live, I can do no more
He'd like to live forever and say all there is to say
He'd like to make a million, and give it all away...
Do you believe in ideal causes, direct fate, holy wedlock, welfare state, revolution, absolution, etc.
