

# Albatross

Lebanon Hanover

I am like an albatross I fly over the sea  
I don't need a home I don't need one  
You are like an albatross when you met me  
You said you will always need me  
If only we could hear what they're telling us every day  
Don't think. Feel

If only we could hear what they're telling us every day  
The thinking kills the feeling  
If only our ears would understand what they say  
Thinking kills the feeling

I am like an albatross all the humans that exist  
I don't need to see them  
And everyone almost everyone I ever met  
Doesn't understand me
