

## Spirals

Lebanon Hanover

Follow me through the sky  
The more synchronized the more elegant we fly  
Until your silhouette becomes a symmetry of mine  
We can't change things  
But we can escape them

I copy your spirals in these heights  
The more together the more easy is this life  
But don't fly too close to the sun  
It might burn us  
Our wings can't take this

I imitate your circles and your lines  
Until my personality is completely mystified  
Do it yourself is universal in our time  
They won't change it  
But we can erase it

Follow me the heaven is so wide  
The more more synchronized the more charmingly we fly  
But don't rush too fast and fall down  
You know exactly that  
I will fall with you
