

# Cruising

Lecrae

But I, keep cruisin', cruisin', cruisin'  
But I, keep cruisin', cruisin', cruisin'  
But I, keep cruisin', cruisin', cruisin'  
But I, keep cruisin', cruisin', cruisin'

I woke up, kinda late  
All good, thank God  
Hit the shower, hit the closet, hit the mirror, stay fly  
Really I'm rockin' some sweats  
Oh well, I'm still feelin' blessed  
Get fully dressed, walk in the kitchen  
She already made me a plate, kinda impressed  
And that sun shinin', it's good weather I'm feelin' good  
Got the good book, I'ma read up  
Put my feet up and then hit the hood  
Gotta go cause the jeep got the top off  
Throw my real shades on, not my knock-offs  
On the street like fifteen minutes and the lights stay green  
Boy, the team might win it  
Slow down, speed got limits  
But I'm cruisin', knee-deep in it  
At the car wash, cleaned the Jeep and found a ten dollar bill in between the  
seats  
I gave it to the man on the corner  
Had a sign up sayin' he was hungry  
Yeah, the world kinda crazy and the folks kinda foolish  
But I keep cruisin'

But I, keep cruisin', cruisin', cruisin'  
But I, keep cruisin', cruisin', 'sin

Cruisin', feelin' good, yo  
I remember livin' in the hood bro  
Death rate high and the funds low  
When I used to get by on crumbs bro  
Went to the park to get the scoop  
Saw the home boys out there shootin' hoop  
And my shot kinda rusty but the fade clean  
And me and Steph Curry on the same team  
Win it like back to back  
Nobody really want it after that  
Feelin' like a young Doctor J  
They can't stop the J, they can't block my pace  
It's true that they can't stop the rain of my shot today  
And my girl still fine as ever  
So when she hit my phone I had to stop the game  
Later on, time to eat  
Favorite restaurant, open seat  
Sunset, the scenery  
Told my lady, "Lean on me"  
After that jump in the whip and we in a wind  
Tomorrow may not be another win  
But until then I'ma keep on moving  
Cool it, I'ma keep cruising

But I, keep cruisin', cruisin', cruisin'  
But I, keep cruisin', cruisin', 'sin

Windows rolled down but the night's goin' up  
If you got the fire you can ride with us  
Feelin' real good, I can't get enough  
You know how we do it  
Yeah, baby we cruisin'

But I, keep cruisin', cruisin', cruisin'  
But I, keep cruisin', cruisin', 'sin  
But I, keep cruisin', cruisin', cruisin'  
But I, keep cruisin', cruisin', cruisin'
