

Day One

Lecrae

Ayy
Mercy, this go crazy
Ayy, okay

New day, different out of two, Ci what's poppin'?
(Huh, readin', fastin', growin', I been in my prayer closet)
Huh, see it drippin' on you, smell it you, yeah, that's God scent
(Yeah, when you stop and listen, He give you vision, you can't buy this)
Uh huh, no cap, I ain't gon' lie to you, been heavy in my Bible
(I'm married to my faith, ain't got not no sidepiece or no idol)
They know our Dad a King, but they say that we too entitled
('Cause know whose you are will have you doubt that on arrival)

Huh, say some
When blessings coming down, can't forget to thank Him
When you're under pressure, it feels like you can't run
Huh, came up out that tunnel, God got it, day one

Ayy, ayy, yeah, praise Him
Holy Spirit come through, I might have to break somethin'
When you're under pressure, it feels like you can't run
Huh, came up out that tunnel, God got it

Day one

I had to slow down, huh, like the light, yellow
Now I see the road, narrow
Like Johnny Depp, my eye on the sparrow (Hello)
Came up out that tunnel like a turnpike, took a hard right
He said He'd leave the ninety-nine, I pray for a sign
Direct me like Highway Ninety-Five
Signed, sealed, delivered
Came a long way from Stevie Wonder, blind
This is more than rhymes, how can I lie?
Testify like I was wearin' a wire, a miracle sign
I wonder, like bobbin' and weavin', I bet you that we beat the odds
The enemy tryna get even, but God guaranteed my faith will be his demise
This won't be a tie
Okay, you tryn' go viral, tryna go M for M
CiCi tryna go Bible for Bible verse
I'm tryna start a revival, Church
But the enemy meant for evil, He make it work for me
Yeah, that's not a hyperbole
He be opening doors, courtesy
Got in His Word, that's when it occurred to me

Huh, say some, uh
When blessings coming down, can't forget to thank Him
When you're under pressure, it feels like you can't run
Huh, came up out that tunnel, God got it, day one

Ayy, ayy, yeah, praise Him
Holy Spirit come through, I might have to break somethin'
When you're under pressure, it feels like you can't run
Huh, came up out that tunnel, God got it

Day one

Now if you see me in the streets, partner, you don't know me
You a Rec League player, homie, this a pro team
Watch a lot of film and study up, and drink your protein
It's insulting how these YNs come approach me
Up the energy, my inner G might up the frequency
You can up your dose, that Holy Ghost be flowing frequently
I might bust a move, you feeling groovy? We can dance
I ain't never, ever, ever scared, not a chance
Play your position, I been on my mission
So much opposition, I thought 'bout quittin'
They told me to get it, I get it, I get it
I know that I did it, I know I'ma win this
I got the blood of Jesus on my hand like a glove
And I'm OJ, you know I'm acquitted
They call me crazy 'cause I got admitted
You know I'll admit it, the business, I'm with it, huh, yeah

Huh, say some
When blessings coming down, can't forget to thank Him
When you're under pressure, it feels like you can't run
Huh, came up out that tunnel, God got it, day one

Ayy, ayy, yeah, huh, praise Him
Holy Spirit come through, I might have to break somethin'
When you're under pressure, it feels like you can't run
Huh, came up out that tunnel, God got it, day one
