

Dirt

Lecrae

Yeah, momma told my uncle he gon' end up on a shirt
Took me on a mission, showed me how to put in work
They say when you see the opps, you squeeze until it hurt
Get me off the block before they put me in the dirt, yeah
Dirt, yeah, dirt, yeah, dirt, yeah, dirt
Only God can save me
Tell my granny, "read a verse"
Verse, verse, verse, verse, verse
Only God can judge me, when He do it might be worse

Four G's on my hearse
Tell my ma don't cry 'cause I'ma get up out the dirt (That's right)
We was on the county, now it's seafood out in Turks (Eat)
You can keep the crystals, I like prayer that really works
Sipping on some sizzurp
Running through the streets, that's why I barely went to church (Yeah)
When it's demon time, I hope you standin' on your wizard (Yeah)
They might eat your lunch and send your body home for dessert
They might eat your lunch and send your body home for, woo

Yeah, momma told my uncle he gon' end up on a shirt
Took me on a mission, showed me how to put in work
They say when you see the opps, you squeeze until it hurt
Get me off the block before they put me in the dirt, yeah
Dirt, yeah, dirt, yeah, dirt, yeah, dirt
Only God can save me
Tell my granny, "read a verse"
Verse, verse, verse, verse, verse
Only God can judge me, when He do it might be worse

Put in work
You don't know God, you don't know your worth
My daddy left like it never hurt
I got adopted by King of earth (God)
I got arrested, was immature
Police ask questions, I never chirped (Chirp)
Inside the system, they couldn't stand me
Back to the block, like I won a Grammy
Really and truly I fail
Back how they made me, a slave in a cell
Not 'cause my momma ain't send me no mail
Got in them yard and they making them tails
Woo, yeah
Welcome to hell
They give you ten if you making a sale
Tell them my mental ain't doing too well
They talking Jesus, I'm listenin' now (Paid attention)

Yeah, momma told my uncle he gon' end up on a shirt
Took me on a mission showed me how to put in work
They say when you see the opps, you squeeze until it hurt
Get me off the block before they put me in the dirt, yeah
Dirt, yeah, dirt, yeah, dirt
