

# Everyday

Lecrae

You won't go fooling my twice now baby  
I'm sorry that's the way it is

Holiday, holiday  
Everyday, everyday  
Oh I want it to feel like holiday  
No more stress, no more stress  
Oh holiday, oh holiday (Holiday)  
For [?]  
No, backing down  
For [?] hold me down  
Go all out

Picture me  
Feelin' free  
I can hear heavens  
Singing thru the trees  
Summer breeze  
Overseas  
Everything in life working as He pleases  
Look at the blue skies to ease my stress  
Everything I need I receive  
God bless  
Just a child from the ghetto backstreets  
From the drive never wanna take the backstreets  
Relaxin' with my faction  
No stress, no hate  
And no distractions  
Let the sunshine be the main attraction  
Holiday give me so much satisfaction

Holiday, holiday  
Everyday, everyday  
Oh I want it to feel like holiday  
Oh holiday  
No more stress, no more stress  
Oh holiday, oh holiday (Holiday)  
For [?] hold me down  
No, backing down  
For [?] hold me down  
Go all out

I go back every December  
Girl, I need to remember  
Ma I need to remember (Oh yeah)  
You know me  
What's on my mind  
Girl, girl you know me  
It's all in time  
So many people go back for this year  
We give thanks for this year  
It's holiday fo' sa

Holiday, holiday  
Everyday, everyday  
Oh I want it to feel like holiday  
Oh holiday

No more stress, no more stress  
I want it to feel like holiday  
Oh holiday, oh holiday (Holiday)  
For [?]  
No, backing down  
For [?] hold me down  
Go all out

You won't go fooling my twice now baby  
I'm sorry that's the way it is
