

## Extra

Lecrae

I need extra  
A lil' bit don't fit  
World wanna know how I got like this  
I need extra  
So you know I can't quit  
Looking like a lick, tryna catch my drip  
I need extra  
I need extra

Uno-uno, dos, tres, cuatro  
I need extra, give me what you got though  
Pull up to the drive-through in the Diablo  
Tell Chipotle don't be stingy with the guac bro  
Momma told me since a kid I been extra  
Doin' donuts in a rental, living reckless  
Fake gold turned to green on my necklace  
I grew up and put some dollars on my checklist  
I'm extra, now I be that  
Where I was raised everybody want a big hat  
Grandma used to read the bible, I ain't believe that  
I was busy tryna write my little G-raps  
I went to hood school, that's what make me  
Order mac 'n cheese with the eight-piece  
Put some extra big wheels on a eight-three  
Put some extra shiny things on an AP

I need extra  
A lil' bit don't fit  
World wanna know how I got like this  
I need extra  
So you know I can't quit  
Looking like a lick, tryna catch my drip  
I need extra  
I need extra

Once upon a time in a hood on a block bro  
They was takin' extra meat off of the tacos  
So I'm extra unashamed in the spot bro  
'Cause everyday they out here plottin' tryna stop folks  
Big money, big guns, big actin  
Only thing about them extra is the cappin'  
35 in the streets with an AK  
You should be takin' your family on a vacay  
I went to hood schools, that's what make me  
Order mac 'n cheese with the eight-piece  
Put some extra big wheels on a eight-three  
Put some extra shiny things on an AP

I need extra  
A lil' bit don't fit  
World wanna know how I got like this  
I need extra  
So you know I can't quite  
Looking like a lick, tryna catch my drip  
I need extra  
I need extra  
I need extra
